## Growth Strategy

Transition of net sales and ordinary income
Our group consistently set a growth strategy to increase net sales by new openings nationwide, to strength the capability of pharmacies and drug and cosmetic stores, and to attract and train personnel.
We will continue to grow adjusting the changing environment in future.

- Transition of net sales and ordinary income

Growth Strategy
We will develop stores and human resources that are able to adapt the environmental changes by flexibly responding the system changes and ease of regulations and by openings promising stores including M\&As.

## Top-line

Opening pharmacies in prime locations near hospitals and continuing secure M\&As by evaluation method which we considered coming revisions for three consecutive years

## - Strengthening the function of pharmacies

Strengthening the primary care capabilities of pharmacists and dispensing pharmacies, raising the operating efficiency and making stores more profitable by responding to the environmental changes

- Recruiting and training human resources

Recruiting activity and development of human resources with the energy of the entire company

## - Growth of AINZ\&TULPE

Improving the ratio of original products and gross profit by active store openings in the metropolitan area and by strengthening our brand equity
